DETAILED ACTION

The request filed on 11/18/2006 for a RCE based on parent Application No. 10/624258 is acceptable and a RCE has been established. An action on the RCE follows.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claim 17 is rejected under 35 U.S.C. 102(b) as being anticipated by Nishio et al. (US 5,006,745).

Regarding claim 7, Nishio et al. disclose a permanent magnet brushless motor comprising: a wound assembly comprising permeable laminations with slots; an insulated copper wire wound within the slots to provide electrical phases (u,v,w); a field assembly comprising a permeable structure and at least 20 magnet poles (see table 1, n=5) arranged thereon; wherein the wound assembly and the field assembly are arranged to produce a motive force when the electrical phases of the wound assembly are excited; and wherein the wound assembly has a slots (N) to pole (p) less than one (see table 1, slot is 3 and Pole is 4 thus, the ratio is $\frac{3}{4} = 0.75$) to increase torque efficiency, the slot to pole ratio being chosen to have a low total harmonic distortion.

Allowable Subject Matter

2. Claims 1-4,7,9-16 are allowed.

Conclusion

3. This is a "RCE" of applicant's earlier Application No. 10/624,258. the new claim 17 is drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
